(864) 503-9360 (fax)

United Forest Products is located in Spartanburg, South Carolina, at the heart of the piedmont region. The physical plant consists of a nine acre facility complete with a railcar site. Eight sheds store lumber on our facility. Having this amount of storage space allows us to stock many dimensions and species of lumber.

Administrative offices and Operations are located on this facility. This allows operations, accounting and sales to work together to assure customer needs are met on an order by order basis.

This facility also houses our state of the art remanufacturing plant. It is equipped with

- 2 Weinig Molders
- 1 McDonough Resaw
- 3 KM16 Trim Saws
- 1 HOLTEC
- 6 Chop Saws
- 3 Band Saws
- 1 Specialty Saw
- 1 24o/oo Mereen-Johnson Ripsaw

This variety of equipment allows United Forest to remanufacture almost any product to your specifications. The following services are offered:

- Planer surfacing
- Gang Ripping
- Straight line ripping
- Resawing
- Full bundle cut
- Precision end trimming
- Pattern stock (standard and custom)
- Grade marking (TPI grade stamp #304)
